

CRITERIA FOR ADMISSION

Jordan Christian Academy is committed to providing students with a Christ-centered, quality education in order to prepare them for the future God has for them; in an atmosphere where God's love is experienced daily; and where learning is fun in the process.

Jordan Christian Academy desires to enroll students who will benefit from its vision, values, and programs, and whose parents desire to work in cooperation with us to accomplish our mission. Applicants and their families are evaluated to determine their expectations, assess their general attitudes and aptitudes, as well as how those factors align with the programs offered at Jordan Christian Academy.

Therefore, the following criteria must be met before a student is accepted for enrollment at Jordan Christian Academy:

- ◆ Students must have record of satisfactory academic performance and appropriate behavior from their previous school.
- ◆ Family must be committed and able to meet their financial obligations to the school and must sign a legally binding Tuition and Fees Contract.
- ◆ Parents and prospective student must be interviewed by the Principal/Administrator.
- ◆ Both Parents/Guardians must attend the mandatory Parent Seminar in its entirety. If they miss for any reason, their child's enrollment will automatically be forfeited.
